

Clinical Fellows in Psychiatry

Vacancies exist for the above post from August 2019.

These posts will offer excellent experience
to prospective applicants with an
interest in Psychiatry.

More information regarding these posts and our Psychiatry Department can be found within the information pack.

NHS Lanarkshire sits within easy commuting distance from Glasgow and Edinburgh with good public transport facilities. Lanarkshire has a total population of 560,000 and is a mixture of semi urban and rural areas. NHS Lanarkshire has three University Hospitals with psychiatric facilities.

We are currently looking to recruit doctors' in General Adult Psychiatry at Clinical Fellow level. NHS Lanarkshire is supportive of applications from individuals with well-developed ideas for improving services who are able to demonstrate a commitment to quality improvement, patient safety (including human factors training), Medical Education and Research & Development.

NHS Lanarkshire has excellent post-graduate libraries and IT facilities. Active post-graduate educational programmes are in place, including dedicated protected teaching sessions for junior doctors. The Board has a well-established, bespoke Medical Education and Training Centre with simulation facilities and is developing a faculty for Human Factors training.

We have a strong commitment to Patient Safety and Quality Improvement with an increasing number of consultants who are trained Patient Safety Fellows.

This post is open to all applicants who meet the criteria within the person specification and also to candidates who meet the Royal College criteria that are maybe looking to train through the Medical Training Initiative Scheme route via the Royal College of Psychiatrists.

Applicants are requested to email a copy of their CV along with a completed application pack, which should include names and addresses of two referees (one of which should be your current or most recent employer) to Gillian.Swinburne@lanarkshire.scot.nhs.uk

Please visit www.medicaljobs.scot.nhs.uk for further details on how to apply.
